## LIMITED WARRANTY

HIXIH Radial TBR (Truck and Bus Radial) Tire  
Limited Manufacturers Warranty February 1, 2019

### TO OBTAIN AN ADJUSTMENT

- You must present the tire to be adjusted to a current HIXIH TBR Tire Dealer.
- Tires replaced on an adjustment basis become the property of HIXIH Rubber Industry.
- You must pay for taxes, fees or any additional services you order at the time of adjustment.
- No claim will be recognized unless submitted on a HIXIH claim form (supplied by the HIXIH TBR Tire Dealer), completely filled out and signed by you, the owner of the tire presented for adjustment, or your authorized agent.

### WHO IS ELIGIBLE FOR WARRANTY COVERAGE

You are eligible for the benefits of this Limited Warranty if you meet all the following criteria:

- You are the owner or authorized agent of the owner of new HIXIH Truck and Bus Tire (TBR)
- Your tires bear Department of Transportation prescribed tire identification numbers
- Your tires have been used only on the vehicle on which they were originally installed according to the vehicle manufacturer's or HIXIH recommendations

### WHAT IS COVERED UNDER THIS WARRANTY AND FOR HOW LONG

- 50% FREE REPLACEMENT WARRANTY** if HIXIH TBR tire covered by this warranty becomes unserviceable due to a defect in workmanship or material during the first 50% of the original tread life (calculated by subtracting one-half (½) the difference between the original new tire tread depth and 2/32" from the original new tire tread depth), then HIXIH will reimburse the cost of a replacement HIXIH TBR tire to you, plus the cost of mounting and balancing as follows:
  - The defective HIXIH tire must be replaced with a comparable new HIXIH tire by an authorized HIXIH TBR tire dealer.
  - Costs of mounting and balancing will be refunded up to a maximum of \$20.00 per tire.
  - Applicable taxes and fees will be the responsibility of the owner of the vehicle.
  - 50% free replacement applies to first quality tires only. Blemished, Non-Adjustable (stamped on tire), retreads or road hazard tires are specifically excluded.
- PRORATED TIRE REPLACEMENT**

HIXIH TBR tires covered by this warranty that become unserviceable due to a defect in workmanship or material during the life of the original usable tread (down to 2/32" remaining usable tread), will be reimbursed to the owner on a prorated basis. You pay only for the mounting, balancing, taxes and fees.

### HOW TO CALCULATE THE PRORATED AMOUNT

The replacement price will be calculated by multiplying the current HIXIH "predetermined price for adjustment" or current advertised selling price at the adjustment location (whichever is lower) by the percentage of usable original tread that has been worn off at the time of adjustment. You pay for mounting and balancing, and an amount equal to the current Federal Excise Tax (F.E.T. – U.S. only) and any other applicable taxes and government-mandated charges

**EXAMPLE:** If your disabled tire had an original 18/32" of usable treadwear and is worn to 9/32" usable tread remaining, you have used 50% and therefore must pay 50% of the advertised retail selling price of the comparable tire.

In addition, you must pay an amount equal to the full current Federal Excise Tax (U.S. only) or any other applicable taxes and government-mandated charges for the comparable new replacement tire at the time of adjustment. If the price of the new comparable tire is \$400.00, the cost to you would be \$200.00 plus F.E.T. (U.S. only) plus any other applicable taxes and government-mandated charges.

### DEFINITION OF A COMPARABLE TIRE

A "comparable" new HIXIH tire may either be the same line of tire or, in the event that the same tire is not available, a tire of the same basic construction and quality with a different sidewall or tread configuration. If a higher priced tire is accepted as replacement, the difference in price will be at an additional charge to you. Any replacement tire provided pursuant to this warranty will be covered by the HIXIH warranty in effect at the time of replacement.
